

**NORTHERN INDIANA COMMUTER TRANSPORTATION DISTRICT
PROPOSAL OPENING**

South Bend Realignment Engineering Project

April 28, 2017

Northern Indiana Commuter Transportation District

33 East U. S. Highway 12

Chesterton, Indiana 46304-3514

Private Session: 2:30 P.M.

PRESENT:

Tony Siegmund

Joe Crnkovich

Chris Beck

CALL TO ORDER

Mr. Siegmund called the meeting to order at 2:30 p.m. There were five (5) proposals received: T.Y. Lin, AECOM, DLZ, Transystems and Patrick Engineering. Each proposer's technical package was opened and reviewed per the Instructions to Proposers. All proposers submitted their Technical proposal and Price Proposal as directed.

The technical proposals had all the certificates reviewed for submission and the district identified that each proposer had filled out all the requested certificates correctly and that their technical proposals are able to be reviewed by the evaluation team.

The district will distribute these technical proposals to the evaluation team and a subsequent meeting is scheduled for May 3, 2017 for internal review. Chris Beck joined the meeting after proposals were opened.

ADJOURNMENT

The meeting closed at 3:20 p.m.

Respectfully submitted,

Michael Repay
Board Secretary
