F.H. Paschen-Ragnar Benson Adjusted Price ³		700632911.39 ³

¹ These are the composite scores given to the teams' qualitative proposals by the Technical Review Committee based on the factors, weighting, and process identified in the request for proposals.

² These are the price proposal amounts submitted by the teams in the price proposals that were opened in the NICTD board meeting on January 27, 2020.

³ The adjusted price is the price proposal divided by the composite score. By law the lowest adjusted price constitutes the best value to the taxpayers. The lowest adjusted price is not the contract amount. The contract amount would be established by the price proposal amount and NICTD rights to negotiate a final contract after the best value proposal is identified.
